Set up supervision

Learn more

## Supervision settings

### Manage app access

Change what categories of apps your child can access >

[Manage individual apps](#)

### Manage World access

Change what categories of Worlds your child can access >

[Manage individual Worlds](#)

### Manage follow requests

Manage who your child follows and who follows them. Followers can see your child's app activity and achievements. Your child will see this information for people they follow too.

### Notifications

Manage your notifications related to supervision. Changes you make to your settings won't impact your child's notifications. >

# Worlds

See and control which worlds Oscar can visit in Worlds.
